## DEFENSE'S TIME ALIBI - FURTHER STRENGTHENED

Helen Kern's Testimony That  
She Also Saw Frank About  
1:10 o'Clock on Day of the  
Crime Is Corroborated

Leo M. Frank attaches much importance to the affidavit of Mrs. Ethel Harris Miller, of Chattanooga, who declares

I couldn't be at two places at the same time, and Miss Helen Kerns and I. Miller both saw me at Whitehall and I saw Kerns at the time Jim Conley says I was at the time.

FRANK stated in reply to questions that when he first informed the coroner that he spoke to him on the day of the murder, he did not know the occurrence, although up to that time he had escaped his memory. He said:

I saw Kerns at the factory dressed, and described her costume to my friend: "That's right—she was wearing a white dress and a white kid."

He said that he was at that time with his wife, Mrs. Miller, that he had met Mrs. Miller, then Miss Kerns, socially, and that she had never been to the factory or Monte Brothers.

**IMPORTANCE NOT REALIZED.**

It was explained that, according to the information given by the coroner, he did not realize the fact that she saw him on the streets at 11:00 o'clock was material evidence in the case. The newspapers the report of Solicitor D.

testimony of Miss Kern, which was then uncorroborated. Frank says he informed she then communicated with his attorneys, and in September she

The moment it was mentioned to the jury, the occurrence flashed over the mind of the juror, and he said that she bowed to me and I tipped my hat, Frank declared.

"The white man had been fixed by the reprocurement of the death sentence on Frank is still kept a secret," Judge Ben H. Hill, of the criminal division, said. "The jury has heard that the convicted man will be arraigned. It is known, however, that Frank will not be resentence Friday, and it is expected that the jury will have been fixed for Saturday morning."

Then a new date for the execution of the convicted man, Judge Hill said, was set for the 10th of June. It was said this date will probably be April 10, if the court attaches time.

Maler Lefkoff, who does not know the man, said Mr. Miller was to the extent that he was with her at the time

This testimony corroborates that Miss Helen Kern, who swore on the witness stand that she saw Frank at about 1:10 o'clock, the time Conley claimed he was at the factory assisting in casting.

**GIRL IS CORROBORATED.**  
At the trial the testimony of Miss Kern, a seventeen-year-old stenographer, was unsupported and was vigorously attacked by the solicitor general. Although not made public until Friday the affidavits of Mrs. Miller and Leonard H. Harkoff were made before Leonard Harkoff, one of the attorneys for the Frank defense, September 18, 1913, soon after the

trial. Mrs. Miller now resides at 84 Poplar street, Chattanooga.

to Alabama and turned toward Forsyth street. On the corner, she said, she saw Frank and bowed to him. He returned the salutation by tipping his hat.

Solicitor General Hugh M. Dorsey is known to be making preparations to combat the defense's extraordinary move for a new trial, and he was in conference Thursday afternoon with

Epps, Sr., father of the boy who claimed a detective framed the story he told at the trial. All parties refused to discuss the conference.

## ENTHUSIASM CONTINUES AT BIBLE CONFERENCE

Dr. Poteat and Others Give Interesting Addresses at the Morning Session

The arrival in Atlanta of Dr. Edwin Poteat, of Clemson college, gave an unexpected and interesting address Friday morning at the Bible conference. Dr. Poteat was listed in the original list of speakers, but following the statement that he would not be able to reach Atlanta for the conference his name was omitted from the program. He reached Atlanta Thursday, however, much to the delight of the conference directors, and spoke Friday morning at the Tabernacle at 10 o'clock. He will speak Saturday.

Dr. P. N. Palmer spoke at 9 o'clock, and Dr. George Stuart spoke at 11. Dr. Stuart discussed the biblical command to "Love thine enemies." He said there were four ways in which a man is not expected to love his enemies and one in which he is. The four ways were not required, he said, are completely unchristian, the love of the enemy and the love of the Christian way to love them is with the heart which seeks to help them.

A large audience attended the session. The midday address will be delivered as usual by Rev. M. L. Trotter.

Thursday night Dr. Russell Cowell, pastor of the Baptist Temple in Philadelphia, spoke to the conference. He discussed faith and its importance in life. He illustrated his theme by telling the life of General Joseph Garibaldi, the Italian patriot, declaring that he was a great man because he had faith, but that when he lost his faith he became a coward.

Dr. Cowell is the only American newspaper man who ever interviewed Garibaldi. In 1870 the New York Times sent Dr. Cowell, who was then connected with that paper, to Italy to interview Garibaldi in his home at Caprera. Dr. Cowell spent a week there, and on his return wrote an interview that covered almost the whole of Garibaldi's life.

Dr. Cowell's address was based on his personal knowledge of Garibaldi gained through that interview, and the lecture is considered one of the most masterly of those that have been heard from the Tabernacle platform.

Dr. Cowell also spoke Thursday afternoon. Dr. Coberly and Dr. Souper's addresses completing the program of the afternoon session.

Although the departure of Dr. O. Campbell Harlan, who left Thursday, was greatly regretted by the conference, interest has not decreased. There are still notable addresses on the program for Friday afternoon and Saturday.

The conference this year has extended its influence by holding auxiliary conferences to Macon, Athens and Connington. The same speakers who appeared on the Atlanta program have made flying trips to these cities to deliver addresses, and large crowds have heard them in the smaller cities.

This year, too, provision was made for the colored people of Atlanta, and each night some speaker addressed a large gathering of negroes at Riverside church. Also seats were reserved at the Tabernacle auditorium for colored ministers and workers, and many attended the daily sessions.

The conference will close Sunday afternoon with an address by Dr. Candan Coberly and the Rev. M. L. Trotter will be the speaker for the Saturday night session.

### TALMADGE CHAIRMAN OF EDUCATION BOARD

(Special Dispatch to The Journal)  
FORSYTH, Ga., March 6.—The Monroe county board of education has selected by the Monroe county grand jury has had a meeting for the purpose of organizing for the coming year. Thomas H. Talmadge, of Forsyth, was re-elected chairman; the other members of the board being Messrs. Homer Harden, of Blountville, U. G. A. Foster, of Calhoun, T. C. Cantelberry, of Calhoun, and J. G. Bush.

## IN THE LOCAL PLAYHOUSES

Henry W. Savage's famous morality spectacle play, "Everyman," will be given at the Atlanta at a matinee this afternoon and again tonight. The engagement is for the two performances only, as a musical comedy play is known to the majority of theatregoers as one of the really important plays of the past few years and its hold on the public bids fair to make it as much of a favorite as "Ben-Hur." It has an appeal to all classes from the tired business man to the clergyman and teacher of morals. Its local engagement is sure to be a big success with all classes at each of the two performances.

On Saturday two performances will be given of the daily musical comedy, "The Rose Maid," which made such a hit here last year. It is a real comic opera with beautiful music, fine comedy and dancing of a kind to please the most fastidious. It will be the company of merit which has won praise from the critics throughout the south.

Boats are now on sale for the engagement of Anna Pavlova, the noted Russian dancer who will be seen Monday and Tuesday with a Tuesday matinee. This famous dancer is supported by an equally noted dancer, Novotoff, and a company of eight with a complete symphony orchestra. At each of the three performances a different program will be given, the whole being well worth while from the standpoint of artistic triumph.

Edith Green, a dainty star on the Forsyth's bill this week, is helping to present at the Grand the last three days of this week, "The Great Escape," one of the biggest sellers of American novels, by Henry M. Blount, Jr., made into a play form. Instantly scored a wild success, and with Thomas V. Ross as the star, it has played all over America.

Two of standard's cleverest girls, Alberta Moore and Myrtle Young, Carl Nyal, until recently principal and tenor with George Evans Honey Boy minstrels, and Lora Barry, and landed, the sensational Turkish pianist will be big feature on the bill.

Norman Hackett and his players are hearing their biggest success since "The Double Deceiver" at the Lyric this week. This is the tenth week of this popular stock company, and concludes the engagement in a splendid play, "The Double Deceiver."

is to crowded houses. This picture will be presented this afternoon and tonight, and concludes with tomorrow afternoon and night. From 2 until 5 in the afternoon, and 7 until 10 at night, 10 and 20 cents being the price of admission.

No better play than "Heart of the Rockies" has ever been produced at the Bloor. As presented this week by Eddie Black and his associate players, the melodrama is winning approval at the hands of patrons of the cozy Maricopa street playhouse. Mr. Black is starring in a part which he makes stand out as a bit of real acting. The role of Jack Mason, the gambler, is the sort of character that Eddie Black loved to depict in his stories of the west, and that Mr. Black does full justice to the part is proved by the hearty applause which greets him at every performance.

Miss Marie Claire, the leading woman, is cast for a splendid role and she makes the most of it. All the other members of the company appear to advantage. Crowded houses have been the rule all week and indications are that standing room will be at a premium tonight and Saturday.

"The Country Sheriff" will be the offering next week and the company is heavily engaged in rehearsing the new play.

# A PROOF

**"Examine yourselves,  
whether you be in the  
faith; prove your own  
selves."**

—2nd Cor. 13:5

Some ardent prohibitionist—

Or, perhaps, an anti-prohibitionist—

In either case, one of those strange men, fortunately in the minority, who believe the hold of alcohol upon County and State to be so great that men will invariably perjure themselves in preference to keeping an oath—

One of these may sneer:

"What of the failure of the last Grand Jury to indict the violators of the liquor laws?"

Brothers, look!

Revenge, punishment, prosecution; these are not the purpose of the Church of God in pointing to the breaking of that law in clubs and bars.

Many, who are trying to follow Christ, are glad that the clubs, the majority of whose members may be, and doubtless are, trying to follow Christ in their way—many are glad that these were not indicted.

IT WOULD HAVE BEEN A LASTING DISGRACE, HAD THE GRAND JURY INDICTED ANY LOCKER CLUB, ITS STEWARD OR MEMBERS, AND MADE AN EXCEPTION OF THESE BECAUSE OF THE POSITION AND POWER OF THEIR MEMBERS.

As it is, the clubs, regardless of name or position, may yet prove to the world that their purpose is to respect and uphold the law.

The Grand Jury indicted none. But it signed the death warrant of the lawless locker club. It pointed out that some of them are deliberately violating the law.

In the case of Rosthchild against the State, Judge Ben Hill, then a member of the Court of Appeals, wrote—

"INTOXICATING LIQUOR CANNOT BE SOLD IN THIS STATE BY AN INDIVIDUAL OR A CORPORATION AS A BEVERAGE, AND WHEN A STEWARD OF A SOCIAL CLUB SELLS TO MEMBERS OF THE CLUB INTOXICATING LIQUORS, HE IS GUILTY OF A VIOLATION OF THE LAW, ALTHOUGH IN MAKING THE SALE HE IS ACTING SOLELY FOR THE BENEFIT OF THE CLUB."

There is no room for a dispute. The law is plain. Members of each Grand Jury which convenes could themselves give evidence of the violation of the law. Detectives are not needed to supply the evidence in the case of many clubs.

Think of these things.

Does the locker club hasten the coming of the kingdom of God?

Does the disregard for the sacredness of law by men in office, high in authority, and men, leaders in our city's life—

Does this advance the cause of Christ?

You read a few days ago: "In Mitchell County, Ga., an eighteen-year-old girl shot her father. The man was drunk. He was trying to choke the girl's mother to death."

In Berlin, where beer is king—in one year three thousand women were supported by the city; they were obliged to leave their husbands. "The vast majority of the latter were drunkards."

Baer says:

"54% of German divorces are from drink."

"Eulenburg affirms that in 24 years, 1,152 school children in Berlin killed themselves, and he attributes this not to overstudy, but to home troubles—in most cases alcohol."

Do you wonder that Emperor William is becoming an advocate of abstinence?

You are right in saying—

"Morality, sobriety and salvation can never be legislated into man."

ONLY CHRIST CAN SAVE.

But do you help or hinder Him when you, a member of His church, supply a man with liquor—when you teach the servants in your club to disregard and break the law?

Sunday, will you not go to the Church of God and there, in His house of prayer, think of these things?

By your own conscience you stand or fall.

It is not fanaticism that asks—

"Are you satisfied with your life?"

God calls—

"Examine yourselves—prove your own selves."

## FORD AUTO MANAGER TALKS TO MEN

Robert Abbott Tells How First Car Was Constructed From a Goat Wagon

Taking as his subject the marvelous growth of the Ford automobile manufacturing company, as an illustration of a great American industry, Robert Abbott, manager of the Atlanta branch of the Ford company, made a most interesting speech to the Ad Men's club at their luncheon at the Ansley hotel Thursday.

W. H. Leahy, of the Atlanta chamber of commerce, made a brief address in which he congratulated the city upon the acquisition of a Ford assembling plant soon to be erected here, and it was announced that the first Ford car sent Thursday Manager Jack Letton, of the Ansley hotel, would tell the men the "inside of the hotel business, or how to make turtle soup out of chickens."

At the luncheon Thursday the ad men were seated around a square table, the centerpiece of which was a Ford automobile on a grass rug, made in saw-wood from the Ford coils, green and red.

After recounting how Henry Ford, in order to the employer of the Edison electric company, at Detroit, had first constructed the first Ford car from a billy goat wagon and a discarded boiler, and how the business had grown until now Henry Ford is estimated to be worth \$7,000,000.

Referring to the plant which is to be built here Mr. Abbott said: "We are now working on our property in Ponce de Leon avenue, and our latest assembling plant, in the located. We are expecting our architects here every day to have a railway frontage of 150 feet and the Southern railway will run a spur right into our plant, where we can load forty or fifty cars every day of the year."

"Our plant will be built of concrete and glass and will be model, and all of our plants when it comes to sanitation, light and air."

"We will employ about 500 men. We operate all of our plants on the minimum wage plan. None of our employees make less than \$5 per day. We work them but eight hours. None of our men are drunk. When we find that they do not fit a job, we transfer them to another kind of work. Besides each man at \$5 per day, we pay him as you will see, approximately \$75,000 per year."

"We will import the majority of our western. By that move, we will increase the population of Atlanta at least 5,000."

"After our first year here we will increase our working force. And I will personally see to it that the men we import here make their coming to Atlanta advantageous to the city."

The same store was burglarized last December of five cents, pennies, four bottles of grape juice and one box of cigars, according to police records.

Two Nurses Selected for This Work Report to Dr. Kennedy for Instructions

The infant welfare work of the city health department, for which the finance sheet makes provision with an appropriation to employ two nurses, was inaugurated Thursday when these nurses reported to Dr. J. P. Kennedy, the city health officer, and had their work outlined.

The nurses are Mrs. H. E. Hill and Mrs. W. T. Mitchell. They are graduate nurses and have had valuable experience in the particular work for which they are engaged.

This work will consist in showing mothers how properly to care for infants in the way of nourishment, hygiene, ventilation, clothing, etc. The nurses will visit every home where a birth is reported to the health department, and will see that the new arrivals are given the right start in life.

Dr. Kennedy, in presenting to the finance committee last January the need for this work, declared that his opinion of the infant mortality rate in Atlanta can be reduced from 19 to 20 per cent by the direct action of the health department.

In addition to this work the nurses will, when they visit a case, make inquiry in the neighborhood as to whether other babies have been born, and by this means the health department will keep check on the physicians in the matter of reporting births.

According to Dr. Kennedy, the city's birth record is not nearly so complete as it should be, on account of the negligence of physicians in reporting births to the health department. The city health officer requires them to make report within five days after the birth of a child, and makes them liable to fine or imprisonment by the recorder for failure to report.

Alexander, head of the truck department of the company, who says that much misunderstanding has arisen over the fact that the ambulance, originally a \$2,500 machine, was obtained by the city for \$2,500.

It is stated that the ambulance sold to the city was stripped of any equipment. It is stated that the ambulance sold to the city was stripped of any equipment. It is stated that the ambulance sold to the city was stripped of any equipment.

Thirty students of the Atlanta Law school attended to Norman Hackett, who closes a stock engagement at the Lyric theater this week, address them Thursday afternoon in "The Art of Expression." The lecture was one of a series being given at the law school, the next being given by Thomas Ewing, Jr., United States post commissioner, at 5 o'clock Saturday.

Mr. Hackett emphasized the similarity between the legal profession and the stage and stated that all great lawyers are actors. He advised the law students to produce a Shakespearean play if they would improve their oratorical skills.

H. H. Milner was elected Thursday night by the members of Atlanta Lodge No. 74, B. P. O. Elks, as their controller for the year. Mr. Milner succeeds A. L. Dunn, who has rounded out a year of active and useful service to the lodge and was not a candidate for re-election. The steamer in which Mr. Dunn is taken by his fellow members to the grand lodge session this night in Denver.

Mr. Milner has been in the service of Atlanta lodge in various offices for the past several years, and his elevation to its highest honor is held to be a fitting reward for services well rendered and loyalty unswerving.

At business life he is a successful agent of the Louisville and Nashville railroad.

Other officers chosen all without opposition—were: I. S. Moss, esteemed leading knight; George C. James, esteemed leading knight; A. T. Porter, esteemed leading knight; Thos. Mast, secretary; H. B. Williamson, Jr., treasurer; J. P. Phillips, trustee; E. C. Osborn, treasurer; A. L. Dunn, representative to the grand lodge at the next session in July; John D. Stimpert, alternate.

**STARTED FOR SCHOOL,  
BUT NEVER RETURNED**  
Father Don't Want Son to Have Shelter Unless He Is First Notified

James Newman, eleven years old, 21 Gresham street, left his home Tuesday morning and has not returned. The boy attended the Inman Park school, and on the day of his disappearance carried his books with the intention of going to the school.

The boy's father, J. S. Newman, asks that he be given five days to find his son or food, without first notifying him of his whereabouts.

**GRAPE JUICE, PENNIES,  
CIGARS, THIEF'S MANIA**

Twenty-two pennies, three bottles of grape juice and three cigars were taken by a thief who entered the store of E. R. Cox, at 18 Gordon street, during the night Thursday.

The same store was burglarized last December of five cents, pennies, four bottles of grape juice and one box of cigars, according to police records.

## ATLANTA INAUGURATES INFANT WELFARE WORK

Two Nurses Selected for This Work Report to Dr. Kennedy for Instructions

The infant welfare work of the city health department, for which the finance sheet makes provision with an appropriation to employ two nurses, was inaugurated Thursday when these nurses reported to Dr. J. P. Kennedy, the city health officer, and had their work outlined.

The nurses are Mrs. H. E. Hill and Mrs. W. T. Mitchell. They are graduate nurses and have had valuable experience in the particular work for which they are engaged.

This work will consist in showing mothers how properly to care for infants in the way of nourishment, hygiene, ventilation, clothing, etc. The nurses will visit every home where a birth is reported to the health department, and will see that the new arrivals are given the right start in life.

Dr. Kennedy, in presenting to the finance committee last January the need for this work, declared that his opinion of the infant mortality rate in Atlanta can be reduced from 19 to 20 per cent by the direct action of the health department.

In addition to this work the nurses will, when they visit a case, make inquiry in the neighborhood as to whether other babies have been born, and by this means the health department will keep check on the physicians in the matter of reporting births.

According to Dr. Kennedy, the city's birth record is not nearly so complete as it should be, on account of the negligence of physicians in reporting births to the health department. The city health officer requires them to make report within five days after the birth of a child, and makes them liable to fine or imprisonment by the recorder for failure to report.

ON HOSPITAL AMBULANCE**  
White Co. Official Says Machine Was Not Fully Equipped When Sold

The statement that the White company had sold a new ambulance to the city for \$2,500, and that the city had received it for \$2,000, was declared an error by William D. Alexander, head of the truck department of the company, who says that much misunderstanding has arisen over the fact that the ambulance, originally a \$2,500 machine, was obtained by the city for \$2,500.

It is stated that the ambulance sold to the city was stripped of any equipment. It is stated that the ambulance sold to the city was stripped of any equipment. It is stated that the ambulance sold to the city was stripped of any equipment.

**ELKS LODGE WILL GIVE  
DANCE SATURDAY NIGHT**  
A dance for members of the B. P. O. E. and their ladies will be held Saturday night in the home of Atlanta Lodge No. 1, on East Fifth street. All members of the order are invited. Miss Raitt, the professional dancers who are engaged at the Piedmont, will demonstrate some of the new dances from 9 to 10 o'clock.

**LAW STUDENTS ADVISED  
TO PRODUCE SHAKESPEARE**  
Thirty students of the Atlanta Law school attended to Norman Hackett, who closes a stock engagement at the Lyric theater this week, address them Thursday afternoon in "The Art of Expression." The lecture was one of a series being given at the law school, the next being given by Thomas Ewing, Jr., United States post commissioner, at 5 o'clock Saturday.

Mr. Hackett emphasized the similarity between the legal profession and the stage and stated that all great lawyers are actors. He advised the law students to produce a Shakespearean play if they would improve their oratorical skills.

## Lace Blouses of Unusual Charm

The Acme of Artistic Achievement in Creating Clever Styles at \$3.00 & \$3.50

STYLE is more a matter of creation than material. In blouses, inexpensive laces produce the same soft, undulating lines; a frill of lawn or chiffon is as charming as one of silk. By reason of materials alone, these blouses are at \$3 and \$3.50. Were you to judge wholly by the styles you would say they were worth more.

**\$3.00**—This attractive blouse is made of white alternate bands of lace and net over a net foundation. Deep double frill around neck, cuffs and down front.

**\$3.50**—All shadow lace over net lining. Deep double frill edged with black extends down front and around collar. Cuffs similarly treated.

**\$3.50**—The body chiefly of shadow lace; the rest of the waist and arms of net. Net foundation. White frill trimmings.

## Shirts, Waists & Blouses at \$1

**SHOWS DROP REPORT**

CHICAGO, March 6.—Snow says: All my advice indicate practically no wheat damage and no winter kill. A large acreage was seeded in the southwest, particularly Kansas and Oklahoma, which was really the only furthest west acreage. It was not so much that it will be left to harvest, so that the acreage will be larger than was really intended. It is feasible to talk about crop prospects. It is feasible that a large part of the usual crop deterioration occurs prior to this date, while this year the crop is coming out of the winter weather better condition than usual. This can only be taken as indicative of good final results upon an abnormally large acreage.

body connected with big business, you were apt to hear the story of the villain in the melodrama, who, after he had tried at least ten different ways to kill the heroine, asked her wistfully, "Why do you fear me?"

The story would be applied to Washington and big business—the president

and congress standing for the villanous  
and big business for the off-putting  
hercine. These men really felt very  
sorry for themselves: and they  
smiled wanly, incredulously upon Pres-  
ident Wilson's repeated assertions  
he was not after big business or  
other sort of business that was

But since the turn of the year, you don't hear the persecuted heroine story so often. Business men are getting used to the idea that such regulations as is foreshadowed in Mr. Wilson's talks and in the "Five Brothers" bill he is pushing through congress is going to be directed pretty strictly toward the correction of abuses of trust com-

"I have always felt," said the president, when he signed the new banking and currency law on December 1, "when the Democratic party was criticized as not knowing how to serve the business interests of the country, that there was no use replying to that world. The only satisfactory reply

was inaction. We have written the first chapter of that reply."

All that lies ahead, so far as the president and congress intends, is the completion of a program which was laid out before the tariff bill was started on its way through the house. As each item of the program is reached, the debate on it is effective in bringing out its purpose. It is amended to

defy most critics. There is no reason to suppose that in the consideration of the question of trust regulation the same sanity will not be observed.

## A SIMPLE WAY TO REMOVE Dandruff

Prevent Itching Hair and Itching Scalp.

There is no sure way that has never failed to remove dandruff at once, and that is to demolish it, then you destroy its nest, and then you remove the cause. Four ounces of plain, common lard, drawn from any drug store, and melted, is essential. Rub it on at night when retiring; use enough to coat the scalp and scalp it in with the finger tips. In the morning, wash if you can; if your dandruff will not go, and three or four days later, repeat the treatment. Destroy, and entirely destroy, every nest, and you are free of it. How much dandruff you may have, and how full your scalp is of dandruff, the color of the scalp will show instantly. If you find it is itching and is discolored, itchy and red, and looks like glass, sticky and soft, and looks and feels like a nest of ants, it is a nest of dandruff.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.—(Adv't.)

## Manager Gilks Gets Contract Of Jack Lively

**Big Pitcher Who Formerly Told for Billings Returns. Played With Sacramento Last Season - Molesworth Wanted Him for His Baron Crew**

MONTGOMERY, Ala., March 6.—Manager Gilks yesterday afternoon announced that he had received the signed contract of Pitcher Jack Lively. Southern league fans need no introduction to the pitcher, for he played with the Billings in 1910 and was sold to Detroit, where he stayed one season and was then sent to the Providence club of the International league.

Lively remained with the Providence club until last season, when he was sold to the Boston club. He then played for the Boston club, pitched and lost for straight games. The Providence club, however, was not released to the Boston club, and he was then released to the Sacramento club of the Pacific Coast league, where he won 11 out of 24 games pitched for that club.

When Lively received word last spring he was in no condition whatever, being very poorly, and he was released. He then came to the Pacific Coast league last season, where he pitched for the Sacramento club, and he was then released to the Birmingham club of the Southern league.

CONTRACT BENT WEEK AGO. Several weeks ago Lively was sent a letter to both the Montgomery and the Birmingham clubs of the Southern league stating that he was a free agent and wanting to know what terms they would offer him for the coming season. In this letter he stated that he was now in far better condition than he was through the entire last season, and he was now in the best of health. He was in the woods cutting down trees, in the woods cutting down trees, in the woods cutting down trees.

When Manager Gilks received this letter from Lively, he mailed him a contract and the contract was returned last Friday afternoon, with Lively's signature to it.

Before this the Birmingham papers reported that Molesworth had announced that he had signed the former Southern league pitcher to a five-year contract. But the Birmingham papers have since corrected this, saying that Lively had not signed the contract. Lively's contract with the Birmingham club was for one year, and he was to be paid \$1,000 for the season.

SEVEN RELEASED TO GILKS. When Lively took the matter up with Gilks, he was told that he was to be released to Gilks. Lively's contract with the Birmingham club was for one year, and he was to be paid \$1,000 for the season.

## TRAY SHOTS AT PORT TARGETS

**PAYS TO ADVERTISE. We don't know whether the Federal leagues, in the short course of their busy existence, have found the time to turn to such trifling matters as adopting a motto, choosing a favorite flower, or compiling a court of arms. However, if Messrs. Gilmore, Wegman et al. are by any chance contemplating the adoption of a slogan or motto, we would suggest any one of the following: "Nothing Succeeds Like Success," "Don't be a Piker," or "Keep 'em Talking."**

To listen to the tales told of efforts made by the Feds to win known players, you might readily decide that the same Feds derived their business training from some theatrical group, and that their knowledge of currency was confined to the promissory displayed by the German comedian in the pinhole game. If money talks, the newcomers are the most eloquent speech ever heard under one name in this or any other section of the globe.

It is doubtful whether anyone has taken the time to figure up just how much the Feds have displayed an eagerness to spend for ball players, in spite of the fact that a considerable element of our congressional population seems to have been born with a predilection for figures. It is claimed that the new league has expended something more than a hundred thousand bucks, an advance on salaries and bonuses for players signed. If this be the case, the sums they are alleged to have offered other stars would have a grand total almost large enough to buy a controlling interest in the Standard Oil company.

MATTY KNEW. Their latest outburst developed in the form of an offer of \$85,000 for three years to Christy Mathewson to manage the Brooklyn club. Strange as it may seem, Matty did not grab this offer, in spite of the fact that he is reputed to be a keen business man, and to possess a vision that can lamp a dollar mark forty leagues away. In fact Matty says he never regarded the offer seriously. And the reason for his failure to do so, he no doubt due to the fact that Matty knew that he could have had much of the kind of currency implied in this offer printed up himself as he wanted, and that too at no great expense. For now he has the pinhole player displays on the stage doesn't bear any likeness of any of our famous statesmen of the other days, neither does it make any promise of redemption at the U. S. treasury.

And the only clip that Gilmore and company appears to have made to date was in naming the figure carried in the offer to 77 Cobs. At that the stenographer may have made a mistake in leaving off one alphabet. There is no way of telling.

Johnny Evans has promised Boston fans that he will work his head off for the success of the Braves during the approaching season, which of course means that Trojan John is going to give the Habites his best. However, there is no truth in the report that he has requested Manager Stalling to have the schedule committee amend the schedule so that the Braves will battle the Cubs every day.

AMERICAN BOXERS NEEDED. Little fear of another invasion of American box by Bombarde Wells, as a result of his victory over Bandman Blake, another English pug, a few nights since. It develops that Blake was giving away twenty-eight pounds to Wells. Doubtless there are several other English lightweights that Wells can stop.

JOE MANDOT AND HIS MANAGER. Tommy Walsh are coming to take real shot in the saddle against a prophet in whom honor save when on home soil. Walsh announces that he will take Joe to Chicago and that hereafter they will operate from the Windy City. "We will treat New Orleans just the same as any other city that we may stage a battle in," says Thomas.

AD WOLGAST SAYS THAT WILLIE RITCHIE has as much chance of beating him in a ten-round battle "as a mosquito on a bald man's head." Decide for yourself just what odds he laid against Williams.

WHY ANY CHANGE. A report from the athletic training camp at Jacksonville announces that Mack's pitching staff continues to be quite a puzzle. We should say "continue" in the correct phrase, speaking from the standpoint of a host of batters in the American league. If the scribble refers to the personnel, why not fill in with a few old worn out bums and one or two green rookies that bubbled along through last season?

HUGH JENNINGS HAS JUST COME FORTH with a statement that proves further that he is entirely human. Hugh has pulled a ringer for the remark of a well known fox in Aesop's story book. It is to the effect that Edgar Willets will do the Tigers as much good pitching for the St. Louis Feds as he would were he a member of their own hurling corps. The gem who remarked on the difference just a few short hours made a brilliant speech.

MANAGER BILL SCHWARTZ HAS JUST GIVEN in a brand new supply of natty uniforms for his ball club. All that is left for Bill to do now is to go out and get a few real players to fill in between the lines. Yes, Bill is a lucky guy.

TOMMY LONG IS THE LATEST ADDITION TO LOCAL SQUAD. Activities at Ponce de Leon park Friday morning took on very much the appearance of the real thing in baseball. Manager Gilks had no less than fourteen of his candidates on hand in uniform, and besides these, there were two present with their street clothes on. The following men were out in uniform: Pichers: Ceyrion Lawrence, Brown and Doncher; Infielders: Ammons, McConnell, schmid, Mann and Walsh; Outfielders: Riton, Kircher and Long; Catchers: Walsh and Munk; Harry Wolchone and Ed Price were on hand, but did not don their diamond spangles.

Tommy Long reached the city last night, and in the latest member of the crew to report. The bunch were drawn up a special ticket for the ball and also took time in slugging the ball at

## Federals Fail To Land Any of Tourist Stars

**Representatives of the New League Meet Home Comers, but Fail to Induce Any to Jump-Speaker, Doolan and Egan Sign With Their Respective Teams**

NEW YORK, March 6.—Efforts of the Federal leagues to sign up members of the party of baseball tourists, who reached New York today on the steamer Kautskia, apparently failed. This speaker, Mike Doolan and Dick Egan, all of whom were mentioned as possibilities before the party arrived, signed with their respective clubs shortly after coming ashore.

As soon as the Louisiana reached dock President Shetha, of the Brooklyn club, introduced them, formerly with Cincinnati, as his new shortstop.

"I've just signed a three years' contract with Brooklyn," said Egan, "and the terms offered are satisfactory to me."

Though none of the Federal league representatives came aboard, President Gilmore, with Otto Knabe, Stewart and other Federal league officials, were on the pier, anxious to know whether any of the wireless messages had brought any results. Among the players who received such messages were Schuler, Mager, Doolan, Speaker, Zeen, Winler, Crawford and Lavender. The signing of Speaker, Doolan and Egan promptly eliminated them from any possibility of entering the Federal fold, and none of the other players mentioned would admit that they were taking the offer seriously.

The Australian treated us well, said Jimmy Callahan, the White Sox manager, who has been in the city for some time. He has been in the city for some time. He has been in the city for some time.

ALBANY, Ga., March 6.—J. E. Pray, who has been president of the Albany Baseball association since its organization and who, through the three seasons of its existence in the South Atlantic league, has been a faithful and zealous for its success, has submitted to the board of directors and Mr. John D. Mealy was elected in his place.

The resignation of Mr. Pray was accepted with regret and reluctance by the board of directors. It was only after his statement that he desired to retire after three years of continuous service, and then the duties and responsibilities of the position over to some other citizen and baseball enthusiast that the directors consented to consent to it.

The election of Mr. Mealy as president of the association means that the Albany baseball club will continue to receive the same old and enthusiastic attention they have received the past three years. Mr. Mealy is a well known Albany, a business man of ability, and a baseball fan of the first degree. He is determined that Albany shall have a winning team this year. Elias H. Casper was elected secretary.

Added to the election of a new president, the coming of Phil Wells, manager of the Albany club, has aroused local baseball interest, and the fans are now full of vim and expectancy for developments from day to day in the preparations that are being made for the approaching season.

Today Manager Wells sent out transportation to all players. The pitchers are ordered to report in Albany at once, and all other players will report next Monday.

Manager Billy Friel of the St. Paul club in the American Association, paid Bill Smith a visit, and watched the boys Huber up and down the line. Smith is a native of St. Paul, and he is taking his first trip to Memphis for early training, and left this State last for that city. Friel suffered the loss of one man—Bill McClellan to the Federal.

Two Week Admission Into Georgia League. AMERICUS, Ga., March 6.—Pichers: Ed and Dublin have applied to President Kallman for admission to the Georgia State league. When the opening of the season on April 15. Their application was received with much consideration by the directors of the league.

## JOE BEAN SIGNS TO COACH GEORGIA BASEBALL TEAM

The athletic association of the University of Georgia has closed with Joe Bean to coach the baseball team during the approaching season. Coach Bean will report at Athens next week, and will take immediate charge of the Red and Black candidates.

Joe Bean has had wide experience in athletic affairs of many kinds and especially in baseball. His last active work in professional baseball was done in coaching the Jersey City team of what was then the Eastern league. After his departure from Jersey City, he came to Atlanta, where he took charge of athletic teams at Marietta. He also was given charge of affairs at the Atlanta Athletic club, and his work with both aggregations has been marked with success.

That Bean will turn out a winner for Georgia there can be little doubt. He knows baseball thoroughly, and furthermore he knows how to handle a college team. With Joe in charge at Athens, other college teams in this section may look for sublimation competition, when they meet the Red and Black team.

Bean is a native of Georgia, and he was born in the town of Marietta. He was educated at the University of Georgia, and he was a member of the Georgia Athletic association.

## Large Entry List For Penn. Relay

PHILADELPHIA, March 6.—Nineteen institutions are entered for the annual relay races of the University of Pennsylvania, April 15 according to the athletic authorities of the university. The number includes nearly all the big college east and west, and also Oxford university of England. The four-mile relay race for the international championship, if Oxford enters that particular contest, is expected at the feature event of the meet.

Other college teams in this section may look for sublimation competition, when they meet the Red and Black team.

## POULTRY, PIGEONS AND LIVE STOCK

## Food Products

(Continued)

I am glad to know that many people are giving alfalfa a trial and many will be eventually benefited, but why should we wait and be forced to do these things when we know positively it can be done now. We all know that there is no better feed in the world than alfalfa. And, with the hundreds of carloads of mixed and horse feeds being shipped every day to our Georgia markets containing from 4 to 60 per cent of this great feed it does look like we would attempt to grow more of it in this country.

The way to get the largest percent of profit out of alfalfa is not to sell it in the shape of hay but to sell it in the shape of a good balanced feed. In any community where alfalfa is raised, the people are growing this product could easily afford a mill and mixer plant, and this feed can then be sold on a cash basis every day. The neighbors in any community could easily erect a mill where they could crush cotton, crushed oats and a small amount of cotton seed meal into a feed that is easy to digest and of the best kind for all feeders. With a small amount of molasses mixed with these different ingredients it forms a feed that is very palatable and suits the feeding of hogs, cattle, horses and in fact all kinds of live stock. Not only will alfalfa grow faster than when this feed is given in sufficient quantities to animals of all kinds, but the feed is given in a form that is easy to digest, and all animal with bad teeth that does not masticate its food properly can take this feed into its system and get the benefits of it so much quicker than if fed in the shape of whole grain or even hay.

With the opportunity that we have in this section of country to grow from ten to twenty tons of alfalfa per acre it does look like we would grow more of these on our average farms, and if such was done we would have kept in our midst millions of dollars that are now being sent out of our country for these things, when we can raise them at our own doors.

During the past three years it has been almost impossible for a farmer to buy corn and hay and make cotton at a profit, even though he sold it at 14c and 15c per pound. It is second nature with us to grow cotton and we can not help it, but if we could ever get in the habit of growing more feed and less cotton, we would be better off. The day is coming when a change must come, and I think the more the better for all sections of the South. A person can not produce milk and eggs and make a profit when at less prices than we are now receiving for them when we have to pay the price we do for labor, and feed of all kinds. Just to think, in ten years ago the price for corn today at three times the price they brought ten to twelve years ago. This naturally runs into millions of dollars for the extra price paid by the consumer, and on the other hand the producer is not afforded to sell for less and make any profit for himself according to the price he has to pay for feed. If they could only produce the feed and make this a big thing not only for the producers over the country but would eventually help the consumer if the price could possibly be reduced.

Just to think, in ten years from today if prices should double again how can the people afford to pay the price and have enough of these things for food to take care of them? A change must come in some way, and we must learn how to produce our own feed at a lower cost than has been done for the past ten years. If not, from present indications things certainly look serious for the man who has to continue to buy feed.

It is almost impossible for a dairyman or a poultryman to make a profit out of their products at the present prices they are receiving and they pay the price they are now paying for feed. It must be raised by increasing the price of it if the producer is to continue to keep poultry. I think this is one of the greatest things that any person engaged in this business, on account of the high price of feed, can confidently do. I think this is one of the greatest things that any person engaged in this business, on account of the high price of feed, can confidently do. I think this is one of the greatest things that any person engaged in this business, on account of the high price of feed, can confidently do.
